OBJECTIVE

As a final-year B.Tech IT student with a strong foundation in front-end technologies such as HTML, CSS, JavaScript, React.js, and Tailwind CSS, I aim to leverage my technical skills and passion for web development in an internship opportunity. I am eager to contribute to real-world projects, enhance my proficiency in modern web development tools, and collaborate with a dynamic team to create user-friendly, responsive websites and applications.

PROJECTS

Zara Dec 2024

- This front-end project is designed to create a user-friendly, visually appealing, and responsive music streaming platform. The goal of the project is to allow users to explore, search, and stream music seamlessly across different devices. The platform features a clean, modern interface that showcases album art, and trending music.
